

Electric backpack sprayer **BPE18**

Rechargeable battery-powered sprayer / 18 l

Product number
84640600

The ideal rechargeable electric backpack sprayer for effortless and safe spraying of gardens, parks, greenhouses and orchards

Product number
84640600

HARDI BPE18 standard features

- ▶ No more laborious hand pumping – battery-powered with run time of up to 4 hrs.
- ▶ Fast charging 10V li-ion battery – fully charged in 2.5 hrs and battery level indicator for uninterrupted spraying.
- ▶ Constant spray pressure of up to 3.3 Bar – electronic regulator with three positions (high pressure, low pressure and boom).
- ▶ High-performance membrane pump – durable Viton® seals with lasting resistance to all types of powder and liquid plant protection products.
- ▶ Tough components – reinforced hose as well as lance and trigger made from durable composite material.
- ▶ Easy level monitoring – translucent 18 l tank with volume scale (US gallons and litre).
- ▶ No debris – wide tank mouth with low mesh strainer and supplementary trigger filter.
- ▶ Ergonomic design – adjustable, reinforced shoulder, chest and waist straps and tensioners for optimal strength, stability and weight distribution (70/30 for hips/shoulders).
- ▶ Supplied with two nozzles – yellow hollow-cone nozzle and green REFLEX anvil nozzle.

Optional extras

Compatible with the entire range of HARDI Backpack Sprayer accessories – giant telescopic lances, booms, nozzles with different flow rates, etc.
